Change a data type into appropriate type:

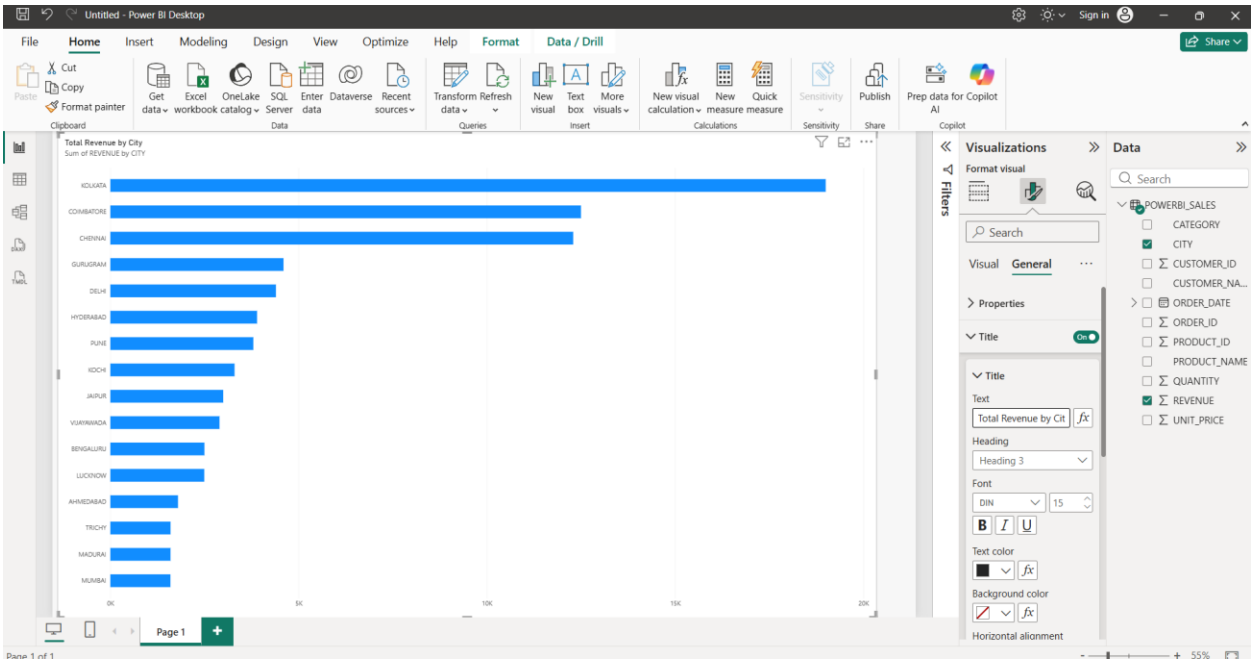

Visualization 1: Card

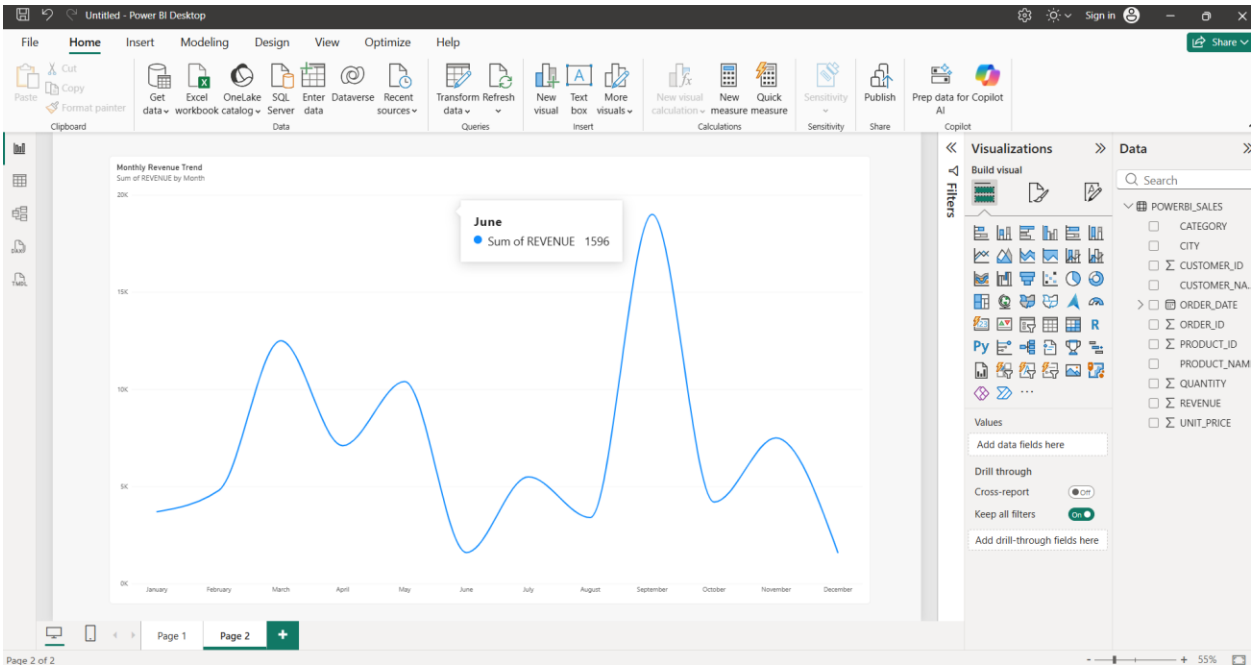

Visualization 2: Bar Chart

Identify which city generates the highest revenue.

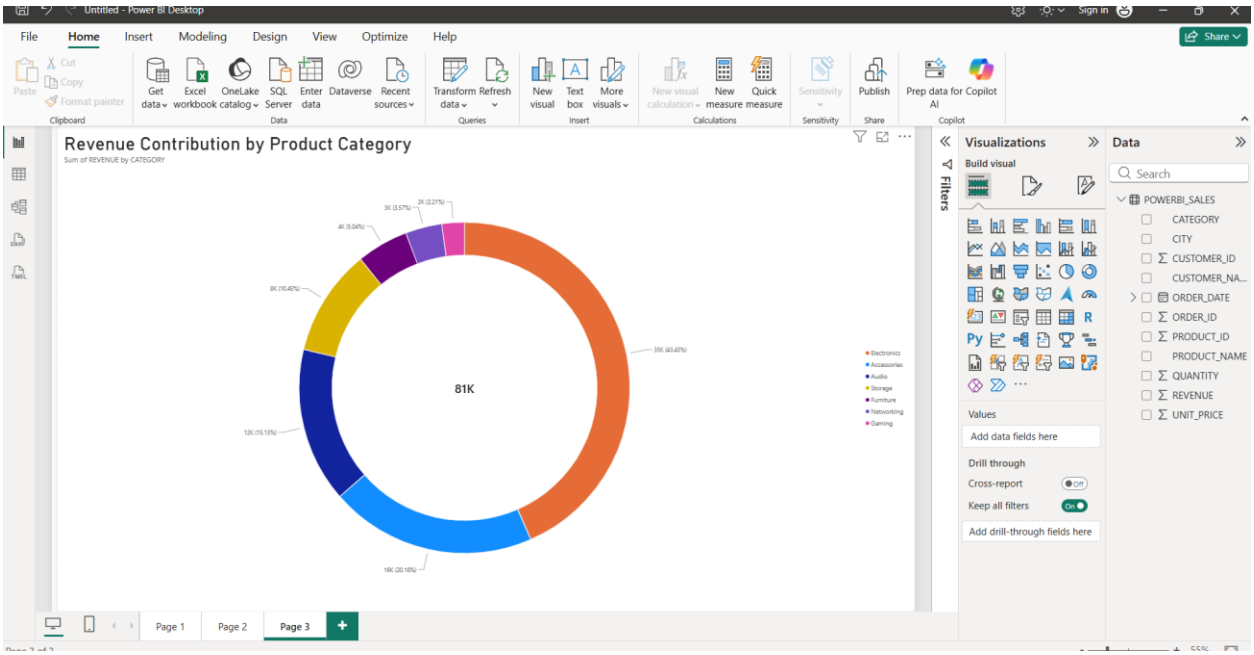

Visualization 3: Line Chart

Understand how revenue changes month by month.

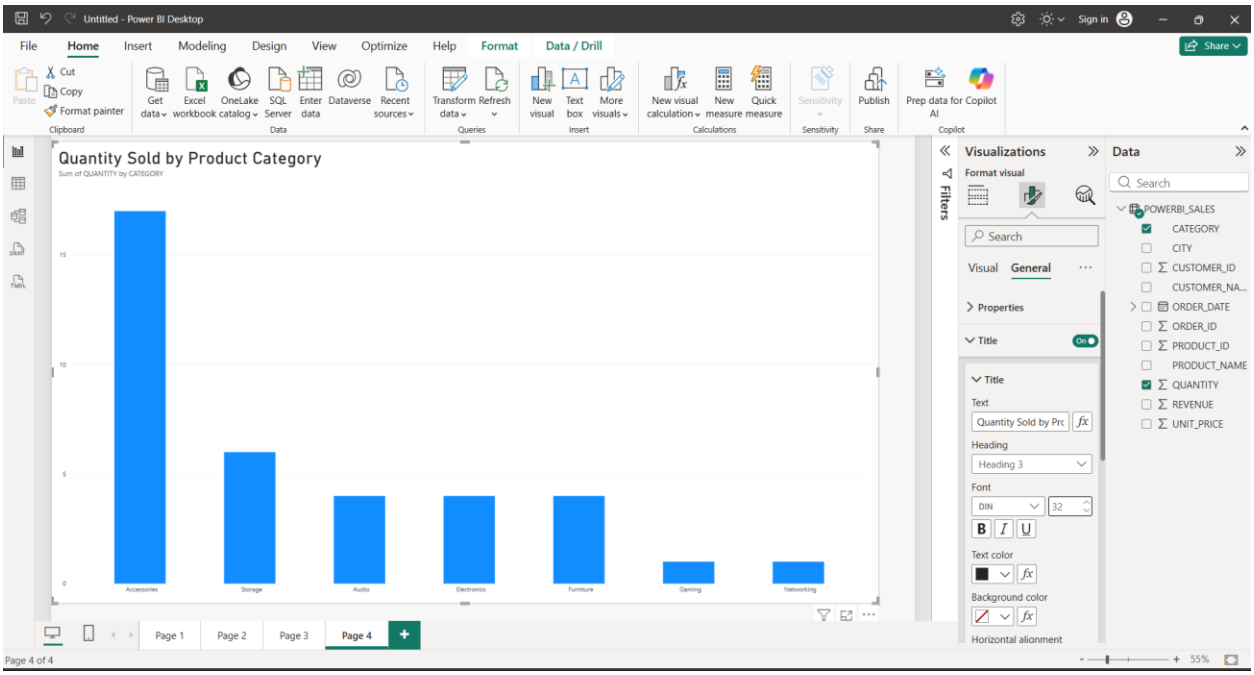

Visualization 4: Donut Chart

Understand which product category contributes the most revenue.

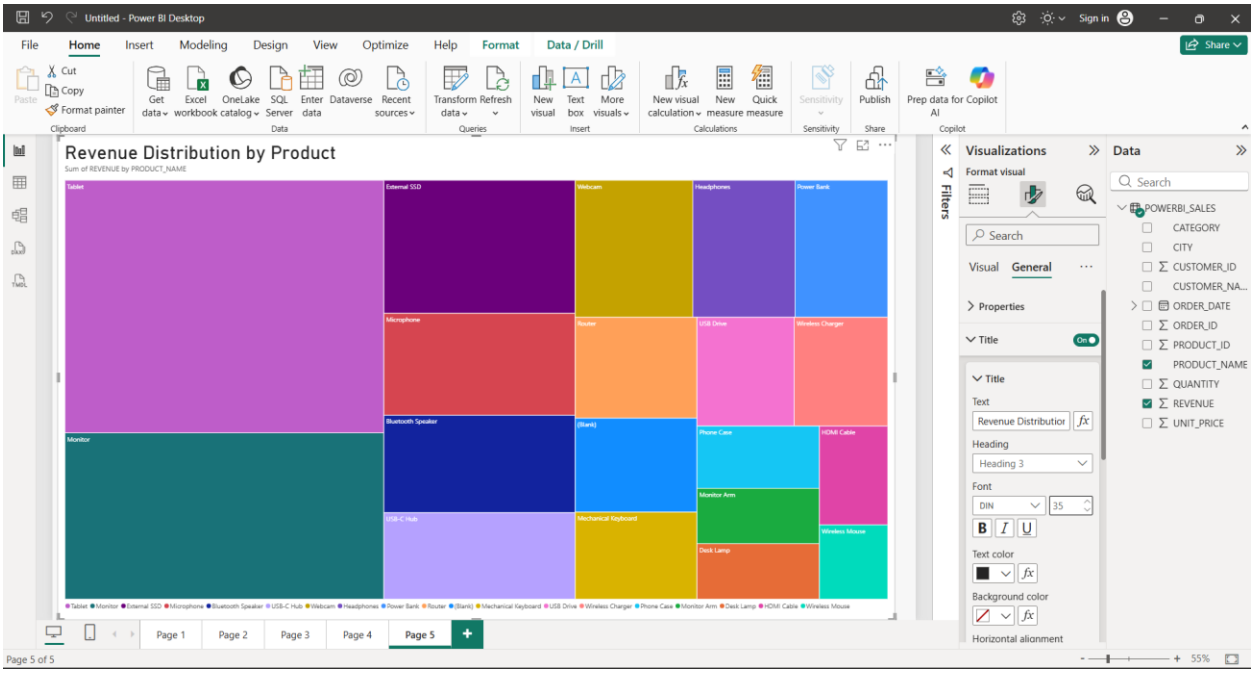

Visualization 5: Stacked Column Chart

Compare the quantity of products sold in each category.

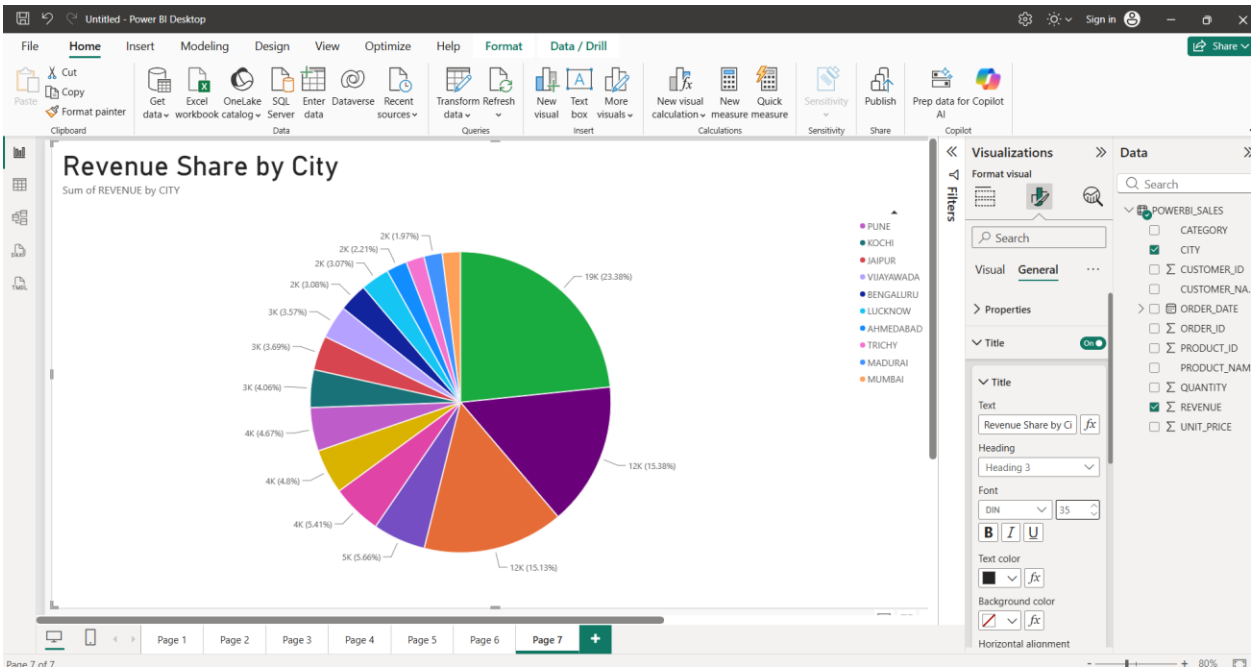

Visualization 6: Treemap

Identify which products generate the most revenue.

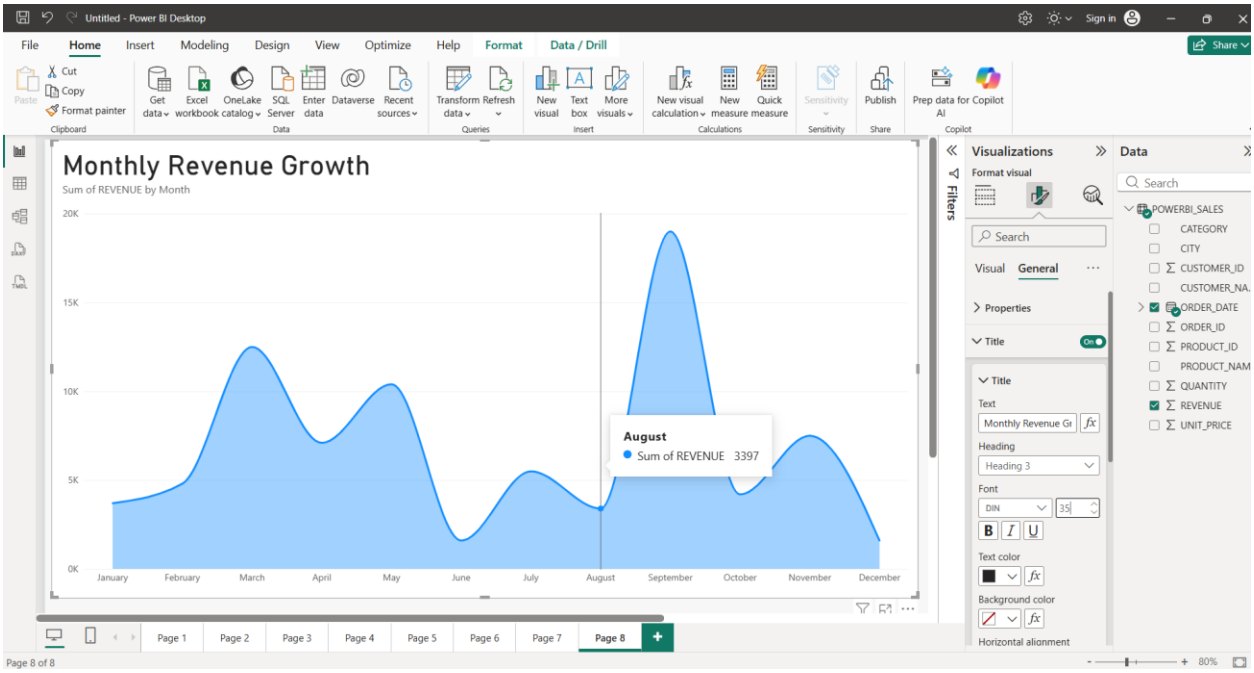

Visualization 7: Pie Chart

Revenue Share by City

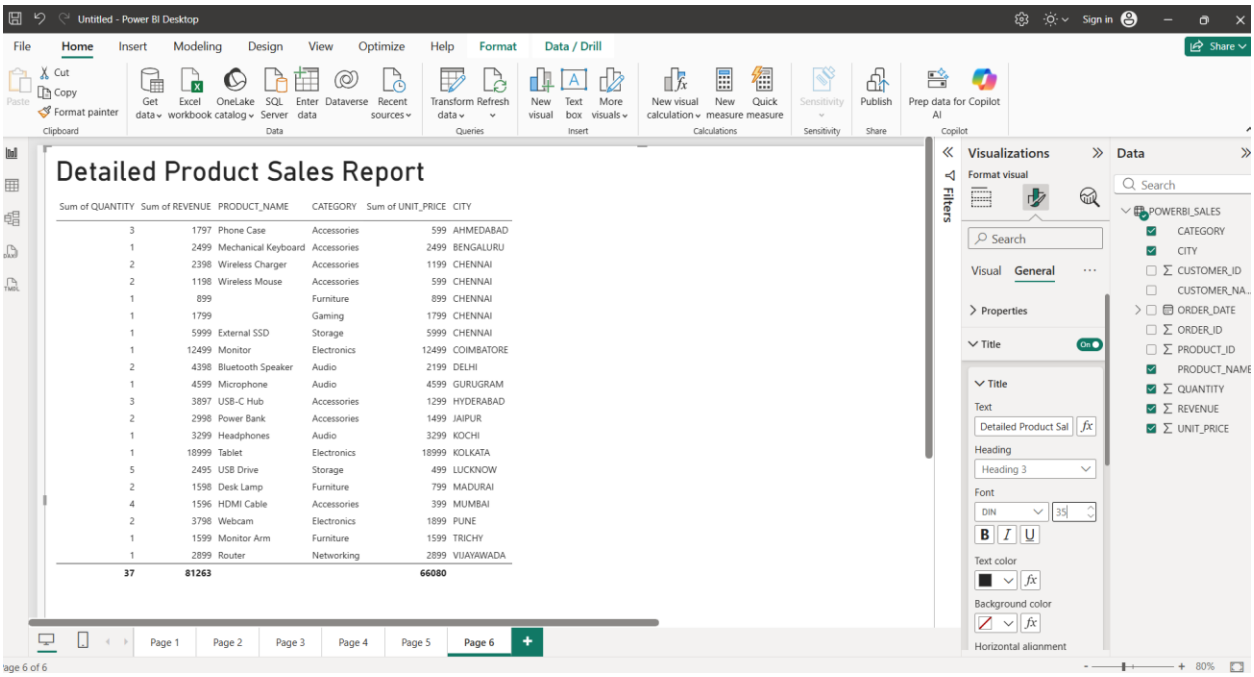

Visualization 8: Area Chart

Monthly Revenue Growth

Visualization 9: Table

Display detailed product sales information.

Visualization 10:Matrix

City-wise Category Sales Analysis
